

Thank you for taking the time to speak with us. I wanted to follow up with specific information on our Fall/Winter 2017 Community Outreach Initiative. At Larger Than Life Chiropractic, we believe very strongly reaching out to our community as part of our mission. We find that so often people are searching, sometimes desperately, for a solution to their health problems. We regularly provide **health workshops** and **health fairs** in our community to provide answers and spread hope of health and healing naturally. The 3 main groups we work with are local churches, businesses, and schools.

HERE'S HOW IT WORKS:

HEALTH WORKSHOP-

1. Together, we find a time that you typically meet as a staff, or have a training time.
2. Dr. Dusty Large and the team will travel to you with the life-changing message of hope, health and healing for the first 15 minutes (customizable).
3. Then, we'll have a question & answer time.
4. Finally, we will provide a delicious meal for your group, all at no cost to you!
5. **TOPIC FOR THE WORKSHOP:** How our bodies are created to function properly and adapt to stress naturally.

BENEFITS FOR BUSINESSES-

1. **Increase productivity**
2. **Decrease sick days**
3. **Address the cause of many common health issues in our workplaces**
4. **Improve team morale with improved health**

RESEARCH-

Blue Cross Blue Shield (BCBS) of Illinois study- Conducted over 7 years- Utilizing chiropractic care, employees demonstrated:

- **60% less Hospital Admissions**
- **59% less Days in the Hospital**
- **62% less Outpatient Surgeries**
- **85% less Pharmaceutical Costs**

We are looking forward to partnering with you to serve our community together this year! Please let us know when would be best to provide an event or workshop for you. We are more than happy to meet with you in person or discuss details over the phone.

Yours in Health,

Dr. Dusty Large
