

Just Tap'd Craft Beer Festival

Craft Beer and Food Festival

For Immediate Release: April 11th, 2018

MACON – Join us for live music, great food and fun for the whole family at Middle Georgia's largest craft beer festival.

The fourth annual Just Tap'd Craft Beer Festival is coming up on Saturday, April 21st, 2018 from 12:00PM to 5:00PM in Poplar Commons! Sample a variety of craft beers while enjoying live musical performances, food and fun for the whole family right in the center of beautiful, historic downtown Macon.

The fun kicks off with live music by Chip Holton at 12:00PM for our VIP hour, followed by Lauen Tuttle, Wesley Cook and Hindsight. All festival attendees and craft beer lovers are invited to the Just Tap'd After Party from 6:00PM to 10:00PM with live music by Chip Holton on the patio outside of Just Tap'd. His throwback to the 80's and 90's will have you singing along in no time.

With over 70 taps of craft beer, breweries from all around the country will be representing their beers, including some exclusive to this event, answering questions about the brewing process and addressing the finer points of drinking great beer. In addition to a wide selection of craft beers, food vendors will also be available, including Brooke Lynn's Own and The Chicken Coop Food Truck. After quenching your thirst and filling your stomach, enjoy our complementary yard games such as giant corn hole, Kan Jam, giant Jenga and more!

Admission is free for all ages. Tickets for beer tastings will be available for purchase by guests 21+ years of age only. Beer Lover tickets are \$35 in advance and include a tasting glass and unlimited pours of any beers being featured in the park. Beer Connoisseur tickets are \$55 in advance and include a tasting glass, unlimited pours of any beers being featured in the park, a festival t-shirt discount, access to a VIP lounge with comfortable seating and limited rare beers, access to a private restroom, and access to the festival one hour early.
